

The Erasmus + Collaborative Stadium Game Meeting in France

We decided to create this game in the last transnational meeting. This game is a collaborative game. The questions were made by all the partners. The rest of the game were made by the french partners and their pupils.

How to create the game ?

- 1. Print the support in A3 format.**
- 2. Ask children to color the squares (blue, red, yellow, green and ?) and laminate the support.**
- 3. Print the questions : blue paper for sport's questions, red paper for math's questions, green paper for science's questions, yellow paper for countries' questions and white paper for ? Surprise's questions. Laminate them.**
- 4. You are ready for the game. Enjoy it !**

Rules for the Erasmus+ Collaborative Stadium Game For 4 players

Blue card : questions about sports

Red cards : questions about maths

Green cards : questions about sciences

Yellow cards : questions about countries

? cards : surprise cards

The rules

- 1. Roll the dice. Move your piece to the good square.**
- 2. Pick a question. If you have the right answer, move forward one square. If you don't know the answer you stay in the same square.**
- 3. The winner is the player who arrive first at the end of the stadium.**

Ready to play, GOOD LUCK !!!
